Trustee Certification – Less Paperwork!

The process for applying for trustee certification has been streamlined. It is no longer necessary to submit orientation checklists to KDLA's Continuing Education Section. You may wish to keep the checklists for your own records, but now, simply check the appropriate boxes on the certification application form to indicate the orientation checklists have been completed. See the newly revamped Trustee Certification Program webpage at <https://kdla.ky.gov/librarians/trustees/Pages/TrusteeCertification.aspx>. The trustee certification team can be contacted at KDLA.Certification@ky.gov or call 502-564-1727.
